

## NW Series Filter Bag

- **Heavy Duty Stitching**
- **High Flow Rate**
- **UV Stable Black color**

## Water Pump Filter Bag

### Specifications:

Stock #	Length	Width	Fabric Wt.
NWFB0864	6'	4'	8 oz.
NWFB08155	15'	5'	8 oz.
NWFB081510	15'	10'	8 oz.
NWFB081515	15'	15'	8 oz.
NWFB081530	15'	30'	8 oz.

Made of 8 oz. non woven geotextile filter fabric, our water pump filter bags are designed to meet the needs of the most demanding water pump filtration applications. Available in a wide variety of sizes to suit various requirements, Water Pump Filter Bags allow water to pass through the fabric, while costly suspended soil particles are trapped to settle inside the bag. This restricts the loss of costly jobsite material, keeps our roads and highways free of mud and protects our lakes and streams from harmful silt build-up. Heavy duty, double stitched edges are designed to withstand extreme environments.

### Specifications:

Physical Properties	Test Method	Typical / Marv Value
Grab Tensile, lbs.	ASTM-D-4632	203
Grab Elongation, %	ASTM-D-4632	50
Mullen Burst, psi	ASTM-D-3786	400
Puncture, lbs.	ASTM-D-4833	130
Trapezoidal Tear, lbs.	ASTM-D-4533	80
UV Resistance <sup>2</sup> , % <sup>3</sup>	ASTM-D-4355	70 / 500
AOS, US Seive Number	ASTM-D-4751	100
Water Flow rate	ASTM-D-4491	80
